SEQUENCE LISTING AMENDMENT (37 CFR 1.825)

Box Sequence
Commissioner of Patents
Washington, D.C. 20231

Dear Sir:

Enclosed are substitute sheets (numbered pages 12-121), which replace pages 12-121 in the Sequence Listing filed on November 13, 2001. In these substitute sheets, the sequence listing for amino acid sequence number 28 has been modified such that it is consistent with amino acid sequence number 28 set forth in Figure 3B. As such, the modifications do not constitute new matter.

Also enclosed is a substitute copy of the computer readable form. The computer readable form includes all previously submitted data with the modification incorporated therein. As such, the enclosed computer readable form contains two files – the original and the amended sequence listing files. The content of the paper and computer readable copies of the amended sequence listing hereby submitted is the same.

Respectfully submitted,

Brobeck, Phleger & Harrison LLP

Dated: Dec. 11, 2002
